

IMPORTANT MOVES ARE BEING MADE

The Situation in British Columbia.

TROOPS TO CONFRONT POLICE—SITUATION GRAVE.

Canadian Government to Send Armed Forces to the Porcupine District—State Department at Washington Officially Denies the Story That They Have Informed the British Government That They Will Move Soldiers Toward the Same Point.

Washington, July 11.—[Special].—State department officially denies the story to the effect that the state department has informed the British government that it will send mounted police to the Porcupine region in the Klondike and that administration will meet the situation by sending troops there.

Washington, July 11.—An intimation has been received by the state department that the Canadian government will send a force of mounted police to the Porcupine region in British Columbia. If this is done the United States government will respond by sending troops to Pyramid Harbor to protect the interests of American citizens.

The situation is extremely grave, and will call for delicate work on the part of both governments to preserve the peace, especially as miners usually settle their differences in a summary manner and do not wait for the slow process of the law when their expenses are high.

The Porcupine region is part of the territory now in dispute, which would be neutral ground if a modus vivendi were agreed upon. This is the point where a clash came near being precipitated some time ago between American and Canadian miners. At that time this government ordered troops to Pyramid Harbor to preserve the peace. This action came to the notice of the British embassy here, and it was brought to the attention of the Salisbury government, which entered a protest, and requested that the orders be canceled. This was done, and the Canadian government agreed to withdraw its mounted police.

Both governments have lived up to their agreements, and since that time neither American troops nor Canadian mounted policemen have been in the Porcupine region.

The hopeful view expressed by the British colonial office is also entertained here, and notwithstanding the critical condition of the diplomatic negotiations it is still believed an amicable agreement can be reached. There will be no hesitation on the part of the officials, however, to send troops to Pyramid Harbor if the Canadians should send a force of policemen near the American line.

Opposed to Ceding Any Land.

Seattle, Wyo., July 11.—The congressional party comprising Messrs. Payne, Hull, Steele, Heatwole, Dalzell and Warner, arrived here Monday from Alaska. They expressed themselves well pleased with their trip. Congressman Payne, who is a member of the joint high commission, gave special attention to the boundary question. The party was handsomely entertained at Skagway July 4 by the chamber of commerce, and in his speech Mr. Payne expressed himself as opposed to the cession of any American territory. Several of the congressmen spoke in a similar vein.

Hopes to Fix an Alaska Line.

Ottawa, Ont., July 11.—In the house of commons Monday Premier Laurier, in answer to a question, said the negotiations between Canada and the United States regarding the permanent Alaskan boundary line were in much the same position as when the joint commission adjourned. In regard to a provisional boundary, the United States and Canada were not able so far to agree upon one, but he was in hopes they would be able to do so.

MAY VOTE ON ANNEXATION.

President May Submit the Question to the Cubans.

New York, July 11.—A Washington dispatch to the World says: "Shall it be independence or annexation? President McKinley is working energetically upon a plan to submit this question to the people of Cuba. He believes that they would vote for annexation."

"Reports from Gov. Gen. Brooke indicate a contrary view, but the president has received confidential letters from influential representatives of commercial interests and from other sources in and about Havana which have convinced him that Gen. Brooke is mistaken."

"Gen. Wood, it is asserted, made many suggestions, which will be published for the guidance of the commanders of other Cuban provinces."

BANQUET TO W. D. CANTILLON

Former Janesville Man Presented With a Watch and Chain

A banquet was tendered W. D. Cantillon, a former Janesville boy and formerly assistant superintendent of the Northwestern road, now superintendent of the Winona division, at the Hotel Pfister in Milwaukee last evening by the men who were under him in his old position in the Cream City. Conductor Tom Moore acted as toastmaster and Mayor Rose made the presentation speech delivering to Mr. Cantillon a watch and chain from his old men. Conductor M. E. White was the chairman of the committee of arrangements. In the neighborhood of seventy-five persons attended the banquet.

FIRE IN NEW YORK TENEMENT BUILDING

TWENTY-SIX INJURED, SOME OF WHOM MAY DIE.

Twenty of the injured overcome by smoke and carried out of the house in an unconscious condition—Rescue work carried on with great difficulty.

New York, July 11.—[Special].—Twenty-six persons, some of whom may die, were injured in a fire in a crowded tenement house this morning. The flames burned fiercely and the work of rescue was carried on with great difficulty.

The lives of thousands in the adjoining tenement houses were endangered and it was only by the superhuman efforts were the firemen able to control the fierce flames.

Twenty of the injured were overcome by the smoke and were carried out of the building in an unconscious state.

THE ROYALISTS PLOT

Report That They Are Planning to Overthrow French Government is Authenticated.

Paris, July 11.—[Special].—It is stated that the report to the effect that the police have been revealing the Royalist plot to overthrow the government, is authenticated. Count Castellane and other Royalists may be prosecuted.

Sir Thomas Lipton Promises Crew \$5 a Week Providing the Cup Is Theirs.

Southampton, July 11.—[Special].—It is reported that Sir Thomas Lipton promised each of the Shamrock's crew five dollars a week for the balance of their lives if the yacht wins the cup this fall.

St. Louis Will Fight Drainage Canal.

St. Louis, Mo., July 11.—St. Louis has decided to enter suit in the federal court at Chicago to prevent the operation of the Chicago sanitary canal. The suit will be filed by City Counselor Schnurmacher, who was empowered to proceed by a joint committee representing the municipal assembly. This committee was appointed some time ago to investigate the drainage canal and recommend steps to protect the interests of St. Louis. The committee requested Mr. Schnurmacher to prepare an opinion as to the standing of the city in the courts. The opinion was filed and was to the effect that the city or any resident could enjoin the canal from operating if it would be shown that the pollution of the waters was detrimental to any interest.

Evansville Miners' Scheme.

Evansville, Ind., July 11.—The miners have taken a new course in their fight against operators. A committee to solicit the business houses, manufacturers and citizens generally was appointed a short time ago and have just reported 11,000 signatures of persons who have agreed to burn only union-mined coal the coming winter. The Kentucky mines can furnish the coal, and if this plan is carried to a successful issue local operators will be compelled to yield or close their mines.

Government Refuses to Arbitrate.

Vienna, July 11.—The United States government has declined the proposal of the government of Austria-Hungary to arbitrate the claims for damages arising from the death of Austrian-Hungarian subjects during the rioting at Hazelton, Pa., in September, 1897.

The Czar's Brother Dead.

St. Petersburg, July 11.—The Grand Duke George, brother of the czar, is dead. The Grand Duke George of Russia was born April 27, 1871, and had been in ill health for a number of years, suffering from consumption.

Disturbed Religious Meetings.

Madison, Wis., July 11.—The Methodist and Episcopal churches were disturbed Sunday morning by a stranger who suddenly arose during the services and began quoting scripture and shouting exhortations. The police were called and arrested the disturber at the Methodist church. He was locked in jail over night and this morning was taken before the municipal court. He was given a chance to get out of town.

Starts For Philadelphia

Marinette, Wis., July 11.—J. A. Rappe the G. A. R. veteran, who is over 80 years old, started on his 1,200-mile bicycle trip, to attend the national encampment of the G. A. R. in Philadelphia, Sept. 4. He expects to arrive there a week before the encampment. A large crowd assembled at the hotel rotunda and cheered him as he started. He expects to make about sixty miles a day.

Governor's Guard Officers

Madison, Wis., July 11.—At a meeting of the governor's guard Capt. E. W. Quentmeyer announced the following appointments: Corporals, Walter Hamilton, Charles Rietberger, and James Colenson; artificers, Privates Elsie and Cleveland. No further developments have arisen in regard to Lieut. Baker's resignation, but the boys all hope that he will retain his office.

Dam Swept Away Again

Sparta, Wis., July 11.—The large dam of O. J. Newton's Sons company at the paper mills, this city, was again swept out yesterday. Heavy rains early in the morning on La Crosse river caused the loss. This is the second time this dam has been washed out this season. The last one had just been completed.

His Liberty Was Short

Chippewa Falls, Wis., July 11.—James Hooile, who escaped from jail here July 4, was captured at Bruce, Saturday night, by Constable Barrett. Two shots were fired at the plucky constable by the companion of Hooile, but without effect.

Will Compromise Tin Scale.

Chicago, July 11.—A settlement of the wage scale difficulties between the Amalgamated Steel Workers and the American Tinplate company is expected soon. The conference lasted the greater part of yesterday and well into the evening. It will be continued today. D. G. Reid, treasurer of the American Tinplate company, said last night: "We look for an early settlement with the steel workers. The Amalgamated men have reduced their request for an increase of 20 per cent in the scale to 15 per cent, and the company offers 11 per cent. This leaves only 4 per cent difference to overcome."

Keeps Up the Fight on America.

Berlin, July 11.—Belgium having removed the restrictions on the importation of American cattle at certain ports, provided they are immediately slaughtered, Germany hastens to forbid the importation of fresh beef from Belgium after July 15. The prohibition is based on the policy followed since November, 1894, excluding American cattle on the ground that Texas fever is prevalent in America.

SECRETARY ALGER MAY SOON RETIRE

WASHINGTON DISPATCHES SO INDICATE.

New York Sun Says the Resignation and Appointment of a Successor Will Soon Be Announced—Also Says Ambassador Choate is One of the Men Mentioned.

New York, July 11.—[Special].—Washington dispatches to the Sun and Herald indicate that Secretary Alger is soon to retire from the cabinet, and the Sun says his resignation and the appointment of his successor will be announced in a few days.

The alleged combination between Alger and Governor Pingree, the Sun says, is the straw that broke the camel's back. Ambassador Choate is one of the men mentioned as his successor.

Many Inferences Gathered.

Washington, July 11.—[Special].—Alger was the first member to leave the cabinet meeting today, which is something unprecedented since the beginning of the Spanish-American war. The incident is said by some to point to Alger's resignation.

The rumor is strengthened by the fact that the president did not ask Alger a single question today concerning the Philippine situation.

Will Force Alger Out.

Philadelphia, July 11.—[Special].—A Times Washington dispatch says: "Matters between Secretary Alger and the president have reached a crisis. If Alger does not voluntarily resign he will be asked to do so by the president himself."

Alger Denies the Story

Washington, July 11.—[Special].—The story that Secretary Alger will resign from the cabinet comes from an official source for the first time today. It is positively asserted that he will give up the struggle and the presumption is implied, if not expressed, that it is the wish of the president that he give up the portfolio.

Alger still denies the story.

10,000 AT LOS ANGELES

National Educators Convention—Addresses of Welcome and Responses.

Los Angeles, July 11.—[Special].—The National Educators' convention was formally opened this morning. The addresses of welcome and responses were delivered by prominent officials and educators.

The real work of the convention begins this afternoon. It is estimated that ten thousand visitors are in the city.

It is apparent that a western man will be the next president of the association. Prof. Jordan, of Minneapolis, and J. D. Harvey, of Wisconsin, are the strongest men in the race. Cincinnati is making the strongest fight for the next convention.

WANTED FOR MURDER

Ellis Hatfield, Murderer of a Sheriff, Surrenders to the Governor of West Virginia.

Gray, W. Va., July 11.—[Special].—Ellis Hatfield, a member of the famous Hatfield family, who has been hunted for in the mountains for a week for murdering a deputy sheriff, has surrendered to the governor in person. He gave himself up this morning.

He was standing on the second floor when a loose board precipitated him to the ground, about thirty-five feet below. He struck on an iron beam and broke his neck.

ONLY ONE IS DROWED

Late Reports From Scene of Portia Wreck Say She Sank During the Night.

Halifax, July 11.—[Special].—Late reports from the scene of the Portia wreck, say that the steamer sank during the night and one life was lost. The person who lost his life was a Syrian lad.

All the passengers arrived here early this morning and but very few saved anything. They gave thrilling stories of the disaster.

The steamer was abandoned fifteen minutes after it struck and the life boats had to be launched as quickly as possible. Women and children were placed in the boats first and then the men entered. Perfect discipline prevailed among the crew and it was due to their courage and coolness that there was not a large loss of life.

A GHASTLY SPECTACLE

Awful Tragedy Almost Marked the Hanging of Colored Wife Murderer.

Harrisburg, Pa., July 11.—[Special].—An awful tragedy almost marked the hanging here this morning of Henry Smith, the colored wife murderer. When the trap was sprung, three strands of the rope broke and the remaining two stretched and appeared to be parting, but luckily held together until the negro was cut down.

GEN. OTIS REPORTS ONLY SIX DEATHS

A Remarkable Record for One Week.

CONSIDERING THE UNHEALTHY CLIMATE OF COUNTRY.

A Peace Conference Held Monday with General Tiras—Believed That Filipinos Will Surrender—Warlike Moves Have Suspended—General Grant's Column Held in Check While Meeting is in Progress—Two Regiments in Philippines.

Washington, July 11.—[Special].—Gen. Otis' death roll for the week shows only six deaths, which is considered a remarkable record for an army of over thirty thousand in an unhealthy climate.

Manila, July 5 (via Hongkong, July 11).—A movement on San Francisco de Malabon, south of Bacoor, and one of the chief cities of Cavite province, still in the hands of the insurgents, has been in preparation for several days. Gen. Fred Grant was to have commanded the troops in the proposed operations, but the movement was suspended by Gen. Otis on the ground that peace negotiations were under way whereby it was hoped to induce Gen. Tiras, commanding the insurgents in the southern part of the island of Luzon, to surrender his forces. Gen. Tiras has probably 2,000 men under arms.

The inactivity of the American troops in Cavite province and also in the vicinity of San Fernando, to the north of Manila, indicates that peace proposals have been asked for by representatives of the insurgents. However, the American officials avoid the subject and will give no information. It is understood that the negotiations with Gen. Tiras have been carried on by Gen. Lawton.

Aguinaldo Hard at Work.

Outpost firing continues in front of San Fernando, but no movement is being made by Gen. MacArthur to drive away the enemy. It is reported that he also is interested in peace proposals received from the insurgents. Meanwhile Aguinaldo is in personal command of the northern insurgents, who are busily engaged in intrenching their positions.

The late beginning of the rainy season has rendered movements possible by the American army, but the peace talk apparently has prevented such movements.

Negotiations Bring No Results.

Manila, July 11.—The bad weather continues. No results have been obtained from the negotiations for the surrender of Gen. Tiras.

Some Volunteers to Stay.

Washington, July 11.—Gen. Otis cables the following: "Two veteran regiments assured. Will enlist about one thousand. You can appoint eleven second lieutenants for First and nine for Second regiment to recruit in the United States; all other offices filled. Regiments styled First and Second Philippine United States Veteran Volunteer Infantry."

Adj. Gen. Corbin cabled Gen. Otis that these designations could not be allowed for the Philippine regiments, and in order to save confusion they would be called the Thirty-sixth and Thirty-seventh Volunteer Infantry.

MAY FIGHT IN CABRERA

Late Advances Confirm Reports of an Impending Revolution in That Country.

San Francisco, July 11.—[Special].—Late advances from Guatemala confirm the reports of an impending revolution in that country. Thousands of refugees in Mexico and Honduras have prepared to take up arms against the president of Cabrera and foreign governments may be asked to interfere.

MISHAP TO SHAMROCK

Discovered This Afternoon That the Yacht Had Sprung a Leak—Ordered to Dry Dock.

Southampton, July 11.—[Special].—Another mishap has befallen the Shamrock. It was discovered this afternoon that the yacht had sprung another leak. She was dry-docked.

An Accurate Description.

"Dorothy, I saw a beautiful gown in a shop window today." "What was it, Julius?" "Well, it was that zigzaggy kind of cloth—and it had those braided things across the front and down the back; and some awful stylish pointed things on the skirt—I wish you would get one just like it."

Doors of Bank of England.

The public entrance doors of the great building of the Bank of England are so finely balanced that a clerk, by pressing a knob under his desk, can close them instantly.

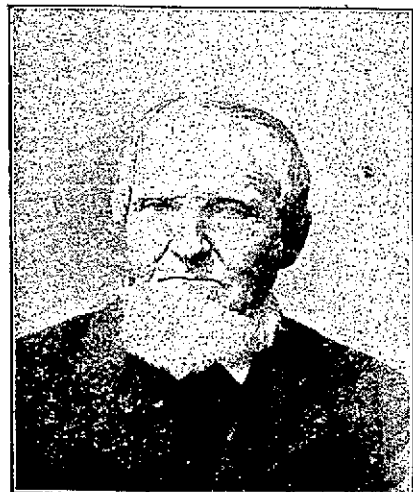

MANY NEW TEACHERS ENGAGED AT CLINTON

ONLY TWO OF THE OLD IN-
STRUCTORS REMAIN.

Miss Mattie Shopbell of Janesville, is First Assistant Principal—Suit of Woodard vs. Burt Decided at Elkhorn in Favor of the Latter—News of a Personal Nature.

Clinton, July 11.—At a meeting of the school board held Saturday the following corps of teachers were engaged for the coming school year: Principal, R. E. Loveland; 1st assistant, Miss Mattie Shopbell; 2nd assistant, Mr. Ford; grammar, Clarence R. Dixon; 1st intermediate, Miss Alta Foltz; 2nd intermediate, Miss Montgomery; 1st primary, Miss Minnie Snyder; 2nd primary, Miss Grace Murray. Mr. Loveland and Mr. Dixon are the only ones retained from last year. The four ladies named last are residents of Clinton. Miss Shopbell comes from Janesville and is a sister-in-law of lawyer Emmett McGowan. Mr. Ford resides at Sharon and is a son of the pastor of the Lutheran church. S. S. Jones is putting up a large hay barn to make additional room for this season's crop. The building will be 26x64 with 20 foot posts. Mr. Jones has 70 acres of heavy timothy hay to cut this year. Dr. Miller, wife and three daughters of Whitewater, spent Saturday with relatives here. Mr. Miller is a brother of Mrs. V. E. Winegar and Mrs. Giles Burt. James Benson was home over Sunday. Mr. Benson is traveling for a Racine hard wood floor firm and his trips take him as far south as the Gulf. Mrs. Dickerman served tea to a number of friends on Tuesday of this week. Miss Flossie Moore has been engaged to teach the school in the Winegar district this fall. Among the list of cabin passengers published by the Chicago Record, who sailed Saturday on the steam ship Patricia of the Hamburg and American line, for Hamburg, were the names of Mrs. Emilie Hartshorn, Mrs. Ottillie Warner and Miss Warner of Clinton. There is a young son out at James Waugh's about a week old. The law suit of Woodard vs. Burt was decided last week at Elkhorn in favor of the plaintiff. The defendant Giles Burt fails to hold the homestead of forty acres in the town of Bradford. The case will probably be carried up. The big hill near Turtle Creek on the road north of here was never in better shape than now. Road Commissioner F. R. Waite has done some excellent work there. E. A. Bradley and family have returned to their home in Webster, Dak., where he has the position of station agent for the St. Paul company. Miss Blanche Johnson has finished her course at the Whitewater Normal and expects to take a school after vacation. C. M. Emery has completed the painting of Dr. Colver's residence and has done a fine job of work. A picnic supper will be served at P. T. Barrett's next Thursday, July 13. A good place to go. R. W. Loper left last week for Clear Lake, Iowa, where he has a studio. Walter Hinnan was in town Friday. Miss Emma Smith will teach in the Northrup district the coming year. T. W. Tuttle left Friday for a business trip in the northern part of the state. E. A. Shattuck's family is now all here and they are settled in their new home on Cross street. Miss Addie Turnure, of Mitchell, Dak., is spending a little time here with relatives. F. R. Waite was re-elected director in the Wyman district. The meeting voted funds to paint the school house in addition to the usual appropriations. E. M. Carey will do the carpenter work on S. S. Jones' barn.

Truman L. Hollister.
The funeral of Truman L. Hollister, who died on the evening of June 30, of gastritis, was held at the family home, in the town of Rock, Sunday afternoon at two o'clock, Rev. Robert C. Denison of the Congregational church, officiating. The song service was rendered by a quartet, consisting of Mrs. A. O. Wilson, Mrs. S. B. Lewis, Messrs. V. S. Jeffris and William Bladon. The casket was placed in the yard under the shade of a great tree, and the services were conducted in the open air. A large number of relatives, neighbors and friends were present. The pall bearers were Hon. J. M. Whitehead, J. C. Wright, J. C. Echlin, Clark Antisdel, Lyman Miller and Mr. Tolles.
Mr. Hollister was born at Great Valley, N. Y., December 24, 1819. His family was of ancient English lineage and traces its ancestry back into the sixteenth century. Mr. Hollister's grandfather served his country in the war of the Revolution, taking prominent part in an expedition against Canada, where he was held a prisoner for two and a half years.
The first twenty years of Mr. Hollister's life were spent at home and at the end of that time he engaged in business for himself as a manufacturer of pearl

ash. After four years he removed to Birchville, Michigan, where he remained eighteen months and then came to Janesville in 1846, and in connection with Levi St. John, rented a farm of 500 acres near the city and planted the first field of 100 acres of corn ever planted in the state. He later purchased the farm in Rock township where he had lived for forty-nine years.
In 1849 he married Mary Comstock, a Janesville lady, and their children were five, Mrs. Frankie A. Inman, Mrs. Elizabeth Pollock, George, who died in childhood, Mrs. Ella Rice and Mrs. Emma Bryan, who lived at home with her father at the time of his death. Besides the four daughters, Mr. Hollister's three brothers, Alson Hollister, of New York, Miles Hollister, of California, and Edward Hollister, of Minneapolis, and one sister, Lucy Bunn, of Oregon, survive him. His brother, Edward, was with him during his last illness. He has been a sincere Christian since his seventeenth year and a member of the Congregational church of this city since 1847. In the last twenty-two years he had served his church as senior deacon. He was an honest worker in the Sabbath school, having superintended a Sunday school in his own neighborhood for over twenty-seven years, and a staunch and loyal member of the church to which he gave his faithful and devoted interest for many years. He was known among his neighbors and friends as a man of highest integrity and religious principle; a good citizen, interested in the promotion of any enterprise for the public welfare, and willingly performing his part in every public duty, and at the same time a kind father and a true friend.
"None know him but to love him; None named him but to praise."
North Johnston.

North Johnston, July 11.—Mr. and Mrs. Joseph Granger visited at Charles Fox's the first of the week. The work on the church is completed and the re-opening services will be held Sunday morning. Mrs. Phoebe Brotherton is visiting friends in Milton this week. Mrs. J. J. Sandborn, of Jewel City, Kansas, spent a part of last week with friends here. Mrs. O. A. Roe went to Millard, Friday to visit her sister, Mrs. L. Loomer. Her niece, Cora Loomer, accompanied her home and will remain several days. Rev. A. Longfield's mother, who has been visiting here several weeks returned to her home at Evansville, Thursday. Haying is the order of the day with the farmers who are fortunate enough to have hay to cut. The next meeting of the W. C. T. U. will be held with Mrs. Eugene Cary, Thursday afternoon of next week. Jessie Fox is spending a few days with relatives in Oakland. Miss Edith Dickenson, of Mendota, visited relatives here last week. She accompanied her sister, Mrs. Frank Wheeler, to her home in Whitewater, Saturday. Messdames Flora Rice and Alice Cleland visited in Whitewater, Saturday and Sunday. C. C. Carr and wife of Janesville, visited relatives here Sunday. Several from this place attended the Fourth of July celebration in Whitewater and report a good time.

Shoppers

Shoppers, July 11.—Rev. J. Jordan and wife left Wednesday to spend a few days with Mr. Jordan's in Illinois. The Congregational church pulpit will be filled by a new man next Sunday. Miss Esther Swingle visited her parents the past week. Bradford Graves was killed by the cars on July 4, by jumping from a morning train. He was a former resident. Farmers are cutting rye and the crop is very good. Haying will follow and there will not be much left up until winter. Help is very scarce in the country. John Schoemaker and family visited relatives at Hanover, Saturday, and left this place for their home in Chicago on Monday. M. C. Maling is making some improvements on his creamery and other buildings by giving them a fresh coat of paint. George Dean has gone to Montana in search of horses. Misses Nettie and Martha Bell, of Beloit, spent Sunday with Mr. and Mrs. Spicer. The Scrubs and the Woodmen had quite a lively game of ball Sunday afternoon. The Scrubs defeated the Woodmen 2 to 1.

Cainville

Cainville, July 11.—Mrs. Jennie Harding, of Chicago, visited Center and Cainville relatives a few days last week. Jessie Andrew spent Sunday in Evansville. Mrs. Cal Broughton, of Evansville, was a visitor here Sunday. Grandma Brasky is quite sick. Mrs. Bennett has erected a new steel wind mill on her farm. Mrs. D. Lowery, of Center, and Robert Lowery, of Chicago, were callers in town Sunday. Walter Collins has been engaged by the Chicago & Northwestern Railroad Company to take the night office as operator at this place. W. B. Andrew was a Janesville visitor Saturday; also Mr. and Mrs. W. Haskins. The ice cream social in Setzer's grove was a success. The Fourth of July program was carried out very satisfactorily. Frank Erdman, formerly of this place, but now of Milwaukee, is in town.

Fairfield

Fairfield, July 11.—Rev. Hyde of Capron, Ill., occupied the pulpit at the M. E. church, Sunday afternoon. James Gregory of Maquoketa, Iowa, has been spending the past week with his family at J. COMMON COUNCIL LEVIES YEAR'S TAX

RECONSIDER ACTION RELATIVE
TO SALOON LICENSES.

Applications Refused a Week Ago Were Granted Last Night—Board of Directors of the Public Library Make Annual Report—Difficulty Owing to Lack of Funds.

A regular meeting of the common council was held last evening. Mayor Richardson presided and all the aldermen were present.

The minutes of the last regular and adjourned meeting were read and approved.

The report of the city treasurer for June was referred to the finance committee.

The report of the municipal court for June was reported as correct by the judiciary committee and was received and placed on file. Following is the report in full:

The annual report of the board of directors of the free public library was read and on motion was received and placed on file. Following is the report in full:

The board of directors of the Janesville public library report to the mayor and common council of the city of Janesville that during the year ending June 30, 1899, there was added to the library by purchase 253 volumes and by gift one volume of books used for reference and for general circulation, together with thirty-five volumes of government reports; and that there are now owned by the library 16,987 bound volumes. Upon these books and the library furniture and fittings we carry an insurance of \$10,000. During the past year there were drawn out of the library for general reading 41,966 volumes, the largest number being drawn out in any one day being 341 and the smallest number being 25. The daily average attendance at the reading and reference tables has been fully up to the average of the preceding year.

We have also to report that changes have been made in the system of cards to be used by the patrons of the library that will enable the public to more readily procure books, and that such changes will be made in the card catalogue as will still further simplify the process of procuring reading matter by those availing themselves of the privileges of the library.

In 1896 the board of directors, to correct abuses of the library, felt warranted in establishing a rule that books should not be taken from the library by children under twelve years of age. We are gratified to report that in the past year we have felt warranted in returning to the old system, and that we have taken off the restriction we then placed upon young children.

By reason of the reduction of the appropriation for the library made in July, 1898, the board of directors have been greatly embarrassed in keeping the library up to its past standard. The sum then taken from the amount that had been appropriated in preceding years is not a large sum of money, but by lessening the means of the library in that amount it has not been possible for us to purchase books as we should do, or to keep up the binding necessary to be done. We have now 663 volumes that it is necessary to rebind, and have this accumulation only because of the lack of means with which to have the binding done. We have also been unable to keep up the binding of the magazines and are falling behind in this particular. The books that go often to the bindery are those for which there is the greatest demand and the public are now deprived of a large number of volumes of the class drawn most frequently by students and readers. The number of books to be re-bound will be increased largely by the end of the summer.

The board of directors have in all things endeavored to practice close economy in the management of the public library. It must be borne in mind, however, that the library has now reached such a size that its fixed expenses cannot, with regard to the work done by employees, be reduced below the sums paid out in the past year. It is necessary in the coming year that the accumulation of books be re-bound and the magazines should be cleaned up and the volumes restored to the shelves, and that a greater number of new books should be procured for use by the public than we have been able to purchase during the year just ended. We believe that the library as an educational factor is second in this city only to our excellent system of schools and that everything within proper bounds should be done to encourage its growth. To return to the appropriation of 1897 would not add an appreciable sum to the tax of any person in the city, and we would therefore most earnestly ask of your honorable body to restore the appropriation to the amount annually devoted to this department of the city government during the several years prior to July, 1898.

The following is a statement of the receipts and disbursements from July 1, 1898, to and including June 30, 1899:

Balance June 30, 1898	\$ 298.02
Appropriation	2,500.00
Fines	49.00
Error on order	.05
	\$ 2,757.07
Rent	\$250.00
Lighting	180.00
Insurance	150.00
Books	309.11
Sundries	\$3.83
Journals	302.65
Coal	63.31
Binding	117.30
Librarian	600.00
Assistant Librarian	240.00
Janitor	180.00
	2,273.40
Balance	\$ 483.67

This balance will meet the fixed charges of the library until the next ap-

propriation is available and one premium for insurance coming due in July and will leave about \$50.00 for the incidental expenses during such time.

We have to report that a vacancy exists in the board of directors by reason of the removal of Orrin Bemis from the city. Mr. Bemis' term of office would have expired June 30th, 1900.

The following are the remaining members of the board with dates upon which their respective terms of office expire:

Mrs. O. H. Fethers, Wm. Bladon, Horace McElroy, June 30, 1899.
Gertrude Cobb, Stanley B. Smith, June 30, 1900.

Mrs. A. P. Lovejoy, Charles L. Field, Charles C. Russell, June 30, 1901.
D. D. Mayne superintendent of instruction, is a member of the board of directors under the provisions of the laws of Wisconsin.

Dated June 30, 1899.

HORACE McELROY,
President.

GERTRUDE COBB,
Secretary.

The assessment rules as returned by the assessors and board of review were reported in due form by the finance committee who recommended that they be approved.

The report of the street commissioner on sidewalks was referred to the highway committee. It was received and the clerk authorized to tax up the expense to the property.

A petition signed by property owners in block 13 of the village of Rockport addition, asking that a certain alley be opened, was referred to the aldermen of the Fourth ward.

C. E. Hermann was granted a saloon license.

The application of E. P. Doty and Pliny Norcross to repair a building at the foot of Dodge street was referred to the fire and water committee, who were granted further time to report.

Ald. Gilkey of the finance committee, reported favorably on a batch of bills. Adopted.

Ald. Gilkey offered the following resolution which was adopted:

Resolved, that the sum of \$91,970.54 be raised by taxation for municipal purposes for the year 1899 and that the same be apportioned as follows:

School Fund	\$28,000.00
General Fund	15,000.00
Fire and Water Fund	8,500.00
Lighting Fund	12,000.00
Library Fund	3,000.00
Bridge Fund	4,875.00
Judgment Fund	6,005.54
First Ward Fund	\$3,000.00
Second Ward Fund	1,500.00
Third Ward Fund	3,000.00
Fourth Ward Fund	2,500.00
Fifth Ward Fund	2,000.00
	\$12,000.00
	\$91,970.54

Also the following which was adopted:

Resolved, that the city clerk be directed to draw two orders on the city treasurer, one payable from the general fund for \$4,026.89 and the other from the fire and water fund in the sum of \$3,011.60 to pay city notes.

The bonds of Fred Lutz, H. J. Lemmerhart and James Ryan for saloon licenses were accepted and placed on file.

The application of L. A. Williams to repair his building adjoining the west side fire station on North River street was refused.

build the house around the bath room.

SOME PEOPLE say, The modern idea in building is to have the bath room and plumbing convenient and nice, if you are obliged to cut off on something else.

That Double System of Plumbing.....

We are putting in many houses, is a convenience well worth looking into. It can be placed in any house. With it you have soft water for the bath and lavatory purposes and with the turning of a valve you can run city water through the pipes. A motor elevates the soft water automatically. We would be pleased to explain it more fully to you.

COUNCIL LEVIES TAXES.

action on the ordinance relating to the stringing of wires in the city of Janesville was postponed indefinitely.

Ald. Rice moved that the amendment introduced by Ald. Carpenter to the ordinance providing for the laying of tracks on North River street be indefinitely postponed.

The motion of Ald. Rice brought Ald. Carpenter to his feet. He said he did not think the council was doing right in adopting the motion, stating his reasons.

Ald. Rice's motion to indefinitely postpone was adopted.

Ald. Rice introduced an ordinance granting the Chicago & Northwestern Railway company the right to lay tracks on North River street and that it be given its first and second reading.

When the mayor called for the ayes and noes, Ald. Carpenter said, "No, I don't know what it is."

The enthusiasm of one of the spectators became aroused, who said, "Good, you live on the street." Mayor Richardson called him to order, saying he was not a member of the council.

The ordinance was given its first and second reading and it was moved that the rules be suspended and it be given its third reading and be put upon its passage.

Alderman Carpenter introduced two amendments, each of which were voted down.

Ald. Rice's ordinance was then given its third reading, put upon its passage and unanimously adopted.

The action of the council at the adjourned regular meeting a week ago last night in refusing to grant licenses to Henry L. Lemmerhirt, Fred Lutz and James Ryan, was reconsidered and the applications granted.

A resolution was adopted providing for macadamizing South Jackson street from the north side of Dodge street to the north side of Pleasant street in the Fifth ward.

An order was adopted to macadamize South Second street from the easterly side of South Main street to the westerly side of Wisconsin street, also South Main street from the southerly side of Carrington street to the southerly side of Sharon street.

A. M. McDougall was granted permission to occupy a portion of Center street with building material.

An order was adopted granting permission to Michael Hayes, Claire D. Capelle, Dennis W. Hayes and Geo. Scarcliff to construct sewers on School, South Franklin and South Jackson streets.

An order was adopted directing the lighting committee to procure an electric fan for use in the common council chamber.

An order was adopted directing the street commissioner to cause the removal of any driveway extending over any gutter along the street, which in his judgment is not constructed with a sufficient opening to permit the flow of water, and in case the owner shall fail to enlarge said opening within ten days after notice, and to the satisfaction of the street commissioner.

An order was adopted directing the street commissioner to serve notice on the Chicago, Milwaukee & St. Paul Railway Co. to repair and put in good order the plank between the tracks on North Jackson and Academy street; also to repair Madison street between Wall and Bluff streets.

Mayor Richardson announced and the council confirmed the appointment of Mrs. O. H. Fethers, Horace McElroy and William Bladen as directors of the free public library board to succeed themselves, and Michael Hayes to fill the unexpired term of O. W. Bemis, moved from the city.

NEWS FROM THE COUNTY

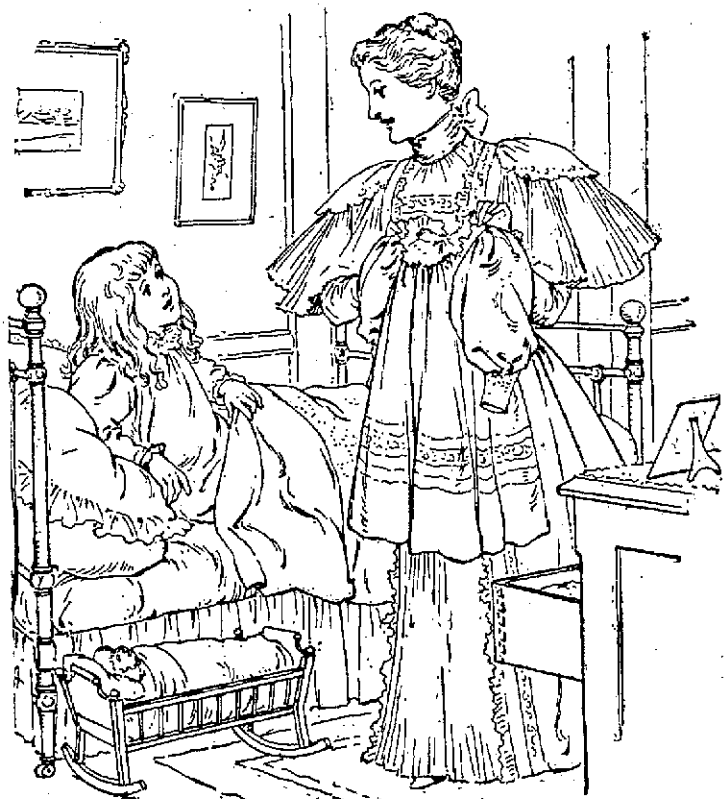

Continued From Page 2.

Palmer came over from East Delavan and spent Sunday with the home folks. Wilson More drives a nice new carriage. Earl Wetmore daily carries a load of nearly three thousand pounds of milk from this place to the Darien creamery. The Serl-Williams families celebrated the fourth with their annual picnic, this year, at the home of Mr. and Mrs. A. D. Clark, and despite the extreme dampness of the day, twenty-one, partook of a bounteous dinner and merrily enjoyed the festivities of the day. Miss Sprackling, a recent graduate of Evanston, Ill., will give a reading at the M. E. church, Thursday evening of this week. She will be accompanied by Miss McFarlane, who will render vocal selections. These ladies come highly recommended. The Darien orchestra will also be present to furnish their unlimited supply of good music for the evening. Admission 15 cents. With the above amount of good talent we bespeak a full house on Thursday evening. After the entertainment the Ladies' society will serve supper. The programs for the Delavan Lake assembly are being distributed in this vicinity, and we trust that many will avail themselves of the privilege of attending the sessions, for we are sure that they will prove both profitable and entertaining to all.

FIRE DESTROYED AFTON STORE

Property of M. J. Caron--Woodmen Camp Loses Paraphernalia

Afton, July 11--Fire destroyed the general store of M. J. Caron, together with all of its contents, last Sunday night. The fire was discovered just before midnight, but was then beyond control. The building was two full stories in height, the upper floor being used as a hall, and occupied by Afton Camp No. 2192, M. W. A., as a lodge room. The building was a frame structure with a covering of sheet iron and was erected by S. P. Lawton in the spring of 1894. Mr. Caron moved here from Latham Park, Ill., last October

and carried a stock of general merchandise on which he had an insurance of \$1000 in the German company of Freeport, Ill. The Woodmen lost all their camp paraphernalia, and hall furniture and fixtures, on which there was no insurance. Mr. Caron was unable to open his safe, which passed through the fire, and could not give any definite information regarding the amount of insurance carried on the building. The fire was a hot one and threatened, at its height, to ignite the residence of Mr. Caron and the Baptist church edifice, the paint on the latter structure being badly blistered. Fortunately, however, there was no wind blowing and the flames were confined to the store building. At the annual school meeting held at the public school building last Monday evening, William Brinkman was unanimously chosen to succeed himself as clerk for the ensuing three years. The report of Treasurer Miller showed a slight balance in the treasury. It was voted to hire a male teacher for the upper room, while a female teacher will continue to preside in the primary department. Acting in accordance with these wishes as expressed by the district, the board have secured the services of Mr. Henry, late principal of the Footville school, to teach in the upper grade, and Miss Virginia A. Scott, of Beloit, to take charge of the primary work. The former comes to us highly recommended as a teacher, while the latter needs no introduction to Afton people, having been a resident here for the past three years and only recently removed to Beloit. The affairs of the Baptist Y. P. S. C. E., will be in the hands of the following officers for the ensuing six months: President, U. G. Waite; vice-president, Cora B. Osgood; recording secretary, A. R. Waite; corresponding secretary, Sarah Z. Drafi; treasurer, J. F. Bolte. The following committees have been named to look after the various branches of society work: Lookout, Cora B. Osgood, Hyla R. Eldredge, Rev. Wm. Todd, Emma A. Waite, Mary Waite; prayer meeting, U. G. Waite, Hattie A. Miller, Sarah Z. Drafi; social, A. R. Waite, W. J. Miller, Alice Humphrey, Helen S. Osgood, Vienna P. Waite; flower, F. C. Miller, Eda Uehling, Grace Antisdal, Bessie Searies, W. R. McCrea; missionary, W. J. Miller, A. S. Waite, Helen S. Osgood; music, Mattie Waite, May Humphrey, Jessie McCrea; relief, J. F. Bolte, Josie Antisdal, J. B. Humphrey; temperance, Alice E. Eldredge, Mary L. Bolte, Lizzie Eddy. Grant G. Wandell is seriously ill at this writing and grave doubts are entertained as to his recovery. Mrs. Mabel C. Throne and daughter Helen, of Beloit, spent a portion of last week with friends in this vicinity. A force of men are at work on the dam, repairing the damage caused by last spring's heavy rains.

ADOPTS THE GOLD STANDARD.

London dispatches announce that the report of the parliamentary committee on Indian currency, just issued in the form of a blue book, approves the decision of the government not to revert to a silver standard. It argues that it would be impossible to maintain the status quo permanently and, therefore, recommends that measures be taken to introduce a gold standard, with the British sovereign as legal tender, and advises that the Indian mints be allowed to coin gold without restrictions on the same terms as the Australian mints. Finally, by a majority of votes, the committee recommends fixing the rupee rate at 16 pence. The report says in conclusion: "The effective establishment of a gold standard is of paramount importance to the material interests of India not only to promote existing trade, but to encourage the influx of capital." The fact that no country can remain on a silver standard and prosper is further proved each day, and the Indian commission's report is simply another recognition of this truth.

"We have the right to demand the support of every true American for the administration's policy in the Philippines, and every American who is both far-sighted and patriotic will join in denouncing alike the men who strive to give aid and comfort to the foes, not only to America, but to civilization in the Philippines, and those other men who prevent our army being made equal to the national need."—Theodore Roosevelt.

BUILD MAMMOTH WAREHOUSE

Soon To Be Erected by the Jeffris Co. on South River Street.

It is mainly through the energetic efforts of the Chicago & Northwestern Railway company that a mammoth tobacco warehouse is to be built on land owned by that corporation on South River street.

The Jeffris company of this city will soon begin the erection of the building, which will be 160 feet long, two stories high with basement, and will be covered with corrugated iron, and will have a storage capacity of five thousand cases of tobacco. The proposed warehouse has been leased by Julius Marquissee of New York City, for a term of five years. The building is to be erected on the east side of the street, below the Janesville Machine company's buildings. The width of the structure cannot be stated until a survey of the land is made.

This progressive stride on the part of the railway company and the local firm will mean many thousand dollars to the tobacco interests of the city.

MILTON BASE BALL TEAM WINS AGAIN

DEFEATS FORT ATKINSON IN FRIDAY'S GAME.

Fourth Consecutive Victory—Married Men Again Defeated by Bond's "Kids" by a Score of 7 to 5—Du Lac Lodge I. O. O. F. Elects Officers—Personal News.

(THE GAZETTE AGENCY)
W. W. CLARKE, Manager,
Milton, Wis., July 11, 1899.
The Milton base ball team won its fourth consecutive victory Friday afternoon, the Fort Atkinson club being the victims. Miller, the twirler whose fame has been heralded abroad for many moons, was in the box for the visitors, but overpowered him for a number of hits. Aikin pushed them over the plate for Milton in good style, but let up in the latter part of the game to allow the Fort boys to even up on the score somewhat. The home team did not put up their best game, and made quite a number of errors.

A Child Hero.

The other morning 7-year-old Johnny Hutchins of Cincinnati and his sister Amie, aged 5, were playing along the canal, when Johnny fell in and would have drowned had not his brave little sister sprang in after him. She screamed for help before she jumped in, and the bridge-tender, Ernest Sattler, ran to the place as fast as he could. When he got there the children were sinking for the last time, but he jumped in and caught hold of the little heroine's hair. By this he pulled her to the bank, and when the children were lifted out the little girl, who had shown that she was as brave as any boy or man, had her arms still tightly clasped around her brother's waist. Little Amie is now the heroine of Elmwood place, where her parents live, and she deserves to be.

SEVENTY-FIVE WILL COMPETE IN RACES

GREATEST CYCLING EVENT IN THE WEST.

Entry List Will Close This Evening, and the Fastest of Men Will Compete for Honors—Several Riders Arrived Today—Fast Time Made on the Track.

Seventy-five wheelmen have already entered in the races to be held here tomorrow and several more entries are expected by tomorrow morning.

The following different cities are represented: New York, Chicago, Milwaukee, St. Paul, Minneapolis, Cincinnati, Boston, St. Louis, Toledo, Detroit, Worcester, Oshkosh, Whitewater, Rockford, Beloit and Edgerton.

Members of the Janesville Cycling club have established their headquarters in the Tallman block on West Milwaukee street.

At the race track, refreshment stands have been established in all quarters of the grounds.

In several of the buildings riders have established training and sleeping quarters and for the past two nights they have been occupying the same.

At the track large crowds of interested spectators have been watching the riders train.

Butler Bros., McLeod, Taylor, McCarthy and Gibson rode five miles at a 2:15 gait, while Oldfield, Schrine, Boake, Dunbar, Porter and Lewellian rode at a 2:20 clip. Dunbar went a quarter in twenty-seven seconds alone.

Tom Butler was paced up to the quarter mile pole by Schrine and half way down the stretch by Oldfield. He came home the quarter in twenty five and two-fifths seconds, which is about the fastest time ever made for this distance under the above conditions. Butler is fairly flying at the present time, and the race between him and Taylor and McLeod should be a hummer. Tom Eck sent out two of his triplet team, Dunbar and Boake, with Harry Nowlan, a local rider, and McLeod, McCarthy and Nat Butler following, and they turned off one of the fastest quarter miles ever ridden in the world, the watches registering twenty-three and one-fifth seconds, within four-fifths of a second of the world's record.

The track is now in the best of condition, and if a light shower of rain should fall before tomorrow noon, it would be still better.

Several teams will be put to work tomorrow to keep the track in its present condition.

The program of the meet will be as follows:

How to Reach Two Famous Resorts

An Outing Hint From "Outing."

Fast, safe, superbly equipped and most carefully governed, one need not wonder at the great popularity of the New York Central. No other line affords such facilities for through travel between the East and the West as this wonderful four-track system. In the possession of Grand Central Station, located in the heart of New York City, and within trifling distances of all first-class hotels, this railway offers greater advantages than competing lines. Spring, summer, autumn and winter, it has attractions irresistible. The great Northern Wilderness, the playground of the state, now beckons its thousands. As autumn falls, America's scenic masterpiece, far-famed Niagara, will claim its annual host of pilgrims with its majestic power, the fierce turmoil of the Whirlpool and all the picturesque surroundings, the awesome Cave of the Winds and the several other minor attractions of the vicinity. And when winter comes, the entire scene transformed to what seems a fairyland of marvelous frost dressings, of icy forts and snowy palaces; of gleaming, crystal prison barriers vainly striving to bind the roaring, foaming plunge of water—will present a spectacle of world, mysterious beauty which is not duplicated in the world.—Outing.

MENU FOR WEDNESDAY.

For policy sits above conscience.—Shakespeare.

BREAKFAST.
Lamb's Kidneys, Deviled.
Creamed Potatoes. Salad.
Fruit. Coffee. Toast.

DINNER.
Lobster Bisque.
Boiled Mutton, Caper Sauce.
Creamed Cabbage. Beet Salad.
Crackers and Cheese.
Coffee.

BISQUE OF LOBSTER.—Boil two hen lobsters and open. Cut the meat into dice. Bruise the shells and small claws and add them to the two quarts of veal stock and let simmer 20 minutes. Pound and mix the soup. If any, the fat and two tablespoonfuls of the meat, part of the coral, the butter (one tablespoonful) and one tablespoonful of flour until gradually reduced to a soup. Strain the pulp stock and add it gradually to the pulp, stirring all the while. Now add the seasoning—salt, black and cayenne pepper. Return it to the fire and add the lobster meat and the remainder of the coral rubbed fine and serve.

LAMB'S KIDNEYS, DEVILED.—Make deviled sauce in chafing dish, prepare eight kidneys by cutting the fat and the kidney they will lay open fat, salt the cut side, put in with the sauce and cook over the fire seven minutes. Garnish with sauce in which kidneys are cooked.

DEVILED SAUCE.—Put the chafing dish over open fire, two pats of butter, two teaspoonfuls of chopped parsley, one of mixed English mustard, two chopped onions and two tablespoonfuls of vinegar. After butter is well melted, cook two minutes; stir constantly and add one tablespoonful of Worcestershire sauce, a good pinch of salt, some black pepper and a little cayenne.

CHARGES OF ARSON AND ATTEMPT TO DEFRAUD.

Says That He and His Attorney John Cunningham Will Bitterly Fight the Case—Defendant Has No Money To Pay Attorney Fees—Prison Record Will Be Against Him.

At 10 o'clock this morning in the municipal court, District Attorney Jackson filed an information in behalf of the state of Wisconsin charging John Arquette with willfully and feloniously burning the Dillon & Dixon training stable at the fair grounds on the night of April 8, with intent to commit arson and to defraud the Phoenix Insurance company, of Brooklyn, and the Niagara Fire Insurance company, of New York.

Arquette waived the reading of the information and pleaded not guilty. The defendant then informed the court that he was without the means to hire an attorney. He also said that he did not see how he was to hire an attorney to defend himself. Judge Fife then appointed John Cunningham as counsel, as Attorney Cunningham was well acquainted with the case, having acted in it during the examination of Dillon, Dixon and Arquette.

The sum of \$2,000 was then placed as Arquette's bail and in default he was remanded to jail until 10 o'clock the morning of July 24, when the drawing of a jury will take place. Witnesses for the state were notified by the court to be on hand at 10 o'clock the morning of July 25, when the case will be tried.

In the information filed this morning, the state makes special reference to two different state prison terms that Arquette has served in the Badger state. In December, 1877, it is said, he was sentenced by the circuit court of Winnebago county, Wisconsin, to four years, on September 7, 1883, from Ozaukee county he was sentenced for a term of three years.

Hired Man Sues

In Justice L. E. Patten's court this morning was heard the action of Frank Dempsey vs. E. W. Fisher. The action was one of replevin.

Dempsey worked on the Fisher farm and on July 1 left his work, owing Mr. Fisher \$2.50. As security he left behind his grip filled with clothing, but as he could not secure the grip from Fisher without force, he consulted Counselor William F. Byrne, who advised him to commence an action for replevin.

When the case was called before Justice Patten this morning it was shown that Dempsey never went after his grip. The case was then dismissed with costs to the plaintiff.

Charles E. Dunn, of this city, and John Fisher, of Madison, appeared in behalf of the defendant.

NEATH THE SHADOW OF DEATH

Lewis Bliss

Funeral services in memory of the late Lewis Bliss were held at the school for the blind this morning. Sunlight streamed into the assembly room where sorrowing friends gathered and seemed to typify fitly the life that had passed away. Rev. Mr. Hall of the Court Street church conducted the services and spoke of the influence exerted by such a character as had just been taken from earth. His remarks were based upon intimate acquaintance and hearty appreciation and were very appropriate.

Before and after the address there were songs—favorites of the departed one—by Mrs. Christine P. Hawley, and Mrs. Charles L. Clark. The interment was in the family lot in Oak Hill. Two sons and four grand sons acted as pall bearers, George J. Howard F., Charles L., George H., Harry H. and Charles W. Bliss. Mr. and Mrs. George J. Bliss, Miss Mary Bliss, Mr. and Mrs. E. W. Lyman and Messrs. Charles L. and George H. Bliss of Chicago were among those in attendance.

PLEASED WITH PERFORMANCE

Anderson Theatre Co. Appear Here For First Time

The Anderson Theatre Company gave their opening performance at Myers Grand last night with the presentation of the "Mystic Mountain," a very sensational melodrama in four acts. The audience was well pleased with the evening's performance, each and all taking their part in an able manner. Mae Dudley, impersonating the ignorant mountain girl, the character work of Maud Norton as the witch, and Tot Young as the dorky, were very good indeed. Thomas Fitzgerald, the villain, and Clyde B. Collicoth played their parts very acceptably, and the part of the persecuted mountaineer was very ably carried out by Ed. Anderson.

The specialties were a feature and were very good. Baby Flossie, the little singer, has a sweet voice and captivated her hearers. Tot Young, the vocalist and banjo player, scored a hit of large proportions. The attendance was very good. Tonight the company will present "The Exile" and no doubt there will be a large audience.

MAY GIVE A RACE MEETING

Local Men Talk of Bringing the Races Here Again

Many people have expressed a desire to see the trotters on the Janesville track again, and it is said that in recognition of this fact, an effort will be made to secure subscriptions to a fund sufficient to justify the promoters in giving a three or four day race meeting.

It will be necessary to raise a reasonable sum, as no revenue can be derived from the sale of seats.

Janesville has not had a race meeting since the new law went into effect and a "matinee" of the kind suggested would doubtless be very enjoyable.

A REGULAR meeting of Janesville Chapter No. 69, O. E. S., will be held on Wednesday evening, July 12, promptly at 7:30 o'clock. There will be work.

This man was so far behind the times that he wasted a whole morning because he neglected to avail himself of an appliance which the haste of modern business has rendered no longer a luxury but an absolute necessity.

Are you not likely at any moment to be placed in a similar position?

PROMINENT DANE COUNTY MAN IN COURT HERE.

Before Judge Dunwiddie of the Rock County Circuit Court, is Now Being Heard the Issues in the Case—Here from Jefferson County—Many Witnesses.

Prominent Dane county residents are the plaintiff and defendant in an interesting case that is now before Judge Dunwiddie of the Rock county circuit court.

The case is Chester Horton vs. Peter Lee and is an action brought for the purpose of vacating and setting aside a deed of real estate on the ground of fraud and undue influence.

The plaintiff in his complaint alleged that he purchased a certain piece of property of the defendant with the understanding that the land was as represented, and that after the transaction had been closed, found that he had been cheated out of a goodly sum of money.

The case was first taken into the courts of Dane county and from there was removed to Jefferson county, from which county it was brought here.

Several witnesses on both sides are in the city and the case is being bitterly contested between Attorneys Rufus Smith and J. M. Clancy, of Madison.

There was a delay yesterday in getting started the Bank of Edgerton case in the circuit court of Rock county. A load of books were brought overland from Edgerton that belonged to the defunct bank to be used as evidence.

Columbia and Shamrock, the Greatest Racing Yachts Ever Built.

BY SEWELL FORD.

Shamrock's Mainmast Ready For Delivery.

Getting Up the Mainmast on the Columbia.

For the eleventh time, the British yachtsmen are going to try to win back the silver challenge cup which the old clipper schooner America captured 43 years ago. Sir Thomas Lipton, an Irishman who lives in London and does business in Chicago, has had built for him by the most famous yacht designer in England a challenger which he has named the Shamrock.

Without doubt, Sir Thomas hopes to win the cup this time; otherwise he would not spend something like \$250,000 in making the attempt.

The English are great sports, and the interest taken in Sir Thomas and his yacht is just as great and widespread as the interest which we Americans feel in the Columbia, which has been built by a syndicate of wealthy Americans to defend the cup. C. Oliver Iselin, who has been at the head of former cup defender syndicates, is at the head of this one. Associated with him are J. Pierpont Morgan and several other men who think nothing of spending \$100,000 apiece for the sake of a summer's sport.

Altogether the series of cup races to be sailed off Sandy Hook in September will be run at an expense of something like \$1,000,000. The cup at stake, if sold for old silver, would bring barely \$100. So you see there is some little sentiment left, even in this commercial age.

The real stake, of course, is the yachting supremacy of the world. We have held it now for nearly half a century. There is not an American, even though he doesn't know a spinnaker from a topping lift, but would be sorry to see the cup lost.

Thus it happens that hundreds of thousands of citizens who ordinarily take no interest at all in yachting will watch this great marine sporting spectacle, either in person or through the medium of the newspapers, with intense interest.

For a landsman yachting is a most difficult subject to understand. The terms used by the yachting writers are of the most technical kind, and most of them are about as intelligible to the uninitiated as so much Sanskrit.

About as much as any landsman can hope to do is to get a clear idea of the size and shape of the two racing machines which will soon meet in open contest for the yachting honors of two nations.

Immense racing machines these are too. By the deed of gift accompanying the cup the limit of length on the water line for contesting yachts is fixed at 90 feet. But there is practically no limit to the length to which a yacht may be extended above the line where she rests in the water. So the Columbia, although only 90 feet on the water line, is 131 feet over all, her bow and stern both projecting far out of water. The Shamrock is just one foot less in length.

Just imagine one of these hulls on dry land. A city lot is 100 feet long and 25 feet wide. If you tried to put the Columbia bottom up on such a lot, you would fill it completely and block the street as well. The top of her keel would reach as high as the roof of a three story building.

The shape of the Columbia's hull is like nothing else which you have probably seen in the way of a boat. It might be compared to the bowl of a narrow spoon with a lump of lead hung from the bottom. Seen in the water bow on, the Columbia looks as if she were skimming over the waves instead of going through them, as the old style cutters did.

The hull is a framework of steel covered with thin plates of Tobin bronze. Even the spars are of hollow steel. The Columbia has been fitted with a blue mast, but this is to be replaced by a steel one. The mainmast is 113 feet long, and above that towers the topmast, 62 feet high. The two masts, therefore, have a total length of 175 feet. The main boom, of hollow steel, is 100 feet 8 inches long.

On these spars the Columbia will stretch out to catch the breeze an immense amount of canvas. The great mainsail of the Columbia is the biggest that was ever raised on a racing yacht, or on any other craft, for that matter. It contains over 1,000 square feet more than the big mainsail of the Defender.

Sailmaker Hathaway and five expert sailmakers worked on the Columbia's sails for two months. Hitherto the English yachts have shown some superiority in the matter of sails. This was evident in the tendency to stretch in places which the American sails showed. It is believed that the Englishmen will no longer have the advantage in this respect.

The Columbia's sails are of cotton duck and cost \$1 a square yard. As the total sail area of the yacht is 19,045 square feet, it will at once be seen how great an item of expense this is. This sail area is divided as follows:

Mainsail, 7,475 square feet; jib, 1,850 square feet; topsail, 1,400 square feet; jib topsail, 1,020 square feet, and the spinnaker 7,000 square feet. The spinnaker is of silk. The other sails are woven from Sea Island cotton.

How great was the labor of those who rigged the Columbia may be judged from the fact that there is a mile and a half of running rigging on her, partly rope and partly steel.

The sail area of the Shamrock is believed to be about the same as that of the Columbia for, while her mainsail may be a shade smaller, her head sails are larger. The great mainsail of the Shamrock, when recently completed by the Ratsey's, the famous English sailmakers, was spread out on a big lawn and rolled up. Fifty men were needed to carry the monster sail down to the wharf. It weighed almost a ton.

The force of the wind blowing against such great barriers of canvas is something astonishing to contemplate. Reduced to mechanical terms we find that the pressure is 1,500 horsepower. An ordinary yacht of the same size would capsize in a gentle breeze with such big sails.

But the Columbia is kept upright by a lead keel weighing 90 tons. Before she turns over the wind must lift up that 90 ton chunk of lead from a depth of something like 25 feet below the surface of the water. But racing yachts such as these do not capsize. The spars or the rigging break first. The Shamrock has a similar lump of lead on her bottom.

These are some general facts about the greatest racing yachts ever built. The boats are very much alike. Between you and I none but an expert can tell the difference between them. To the landsman they look as much alike as two pens except for the difference in color.

It is a great satisfaction to us that the copying has been done by our British cousins and that our own designers have done the originating. We very much doubt that Mr. Fife can imitate Herreshoff better than Herreshoff can imitate himself. On this assumption most Americans await the result of the cup races with calm serenity.

A SMALL SPOT MAY BE CANCER.

MOST VIOLENT CASES HAVE APPEARED AT FIRST AS MERE PIMPLES. The greatest care should be given to any little sore, pimple or scratch which shows no disposition to heal under ordinary treatment. No one can tell how soon these will develop into Cancer of the worst type. So many people die from Cancer simply because they do not know just what the disease is; they naturally turn themselves over to the doctors, and are forced to submit to a cruel and dangerous operation—the only treatment which the doctors know for Cancer. The disease promptly returns, however, and is even more violent and destructive than before. Cancer is a deadly poison in the blood, and an operation, plaster, or other external treatment can have no effect whatever upon it. The cure must come from within—the last vestige of poison must be eradicated.

Mr. Wm. Walpole, of Walshstown, S. D., says: "A little blotch about the size of a pea came under my left eye gradually growing larger, from which shooting pains at intervals ran in all directions. I became greatly alarmed and consulted a good doctor, who pronounced it Cancer, and advised that it be cut out, but this I could not consent to. I read in my local paper of a cure effected by S. S. S., and decided to try it. It acted like a charm, the Cancer becoming at first irritated, and then discharging very freely. This gradually grew less and then discontinued altogether, leaving a small scar which soon dropped off and now only a healthy little scar remains where what threatened to destroy my life once held full sway." Positively the only cure for Cancer is Swift's Specific.

S. S. S. FOR THE BLOOD

—because it is the only remedy which can go deep enough to reach the root of the disease and force it out of the system permanently. A surgical operation does not reach the blood—the real seat of the disease—because the blood can not be cut away. Insist upon S. S. S.; nothing can take its place. S. S. S. cures also any case of Scrofula, Eczema, Rheumatism, Contagious Blood Poison, Ulcers, Sores, or any other form of blood disease. Valuable books on Cancer and Blood Diseases will be mailed free to any address by Swift Specific Company, Atlanta, Georgia.

Endeavorers End Their Convention
at Detroit.

MESSAGES OF GOOD WILL.

Significant Telegrams Sent from the
Great Body of Christian Workers—
Missionary Meetings—Final Address
Made by President Clark.

Detroit, Mich., July 11.—The eighteenth international convention of Christian Endeavor closed Monday night amid scenes of impressive solemnity attending the utterances of "The Last Word" by the president and secretary in each of the great tents respectively, following responses from each state and country represented, and last exhortations from Bishop Vincent of Kansas and Evangelist Chapman of New York. A number of telegrams and cablegrams read in both tents were portions of correspondence between officers of the convention and Andrew D. White, member of the peace conference at The Hague; President McKinley, Lord Minto, governor-general of Canada, and Queen Victoria. The first was directed to the American peace commission and signed by President Clark and Secretary Baer. It read:

"Twenty-eight thousand American and Canadian Christian Endeavorers, now assembled in international convention, Detroit, represent 2,500,000 enthusiasts for peace and arbitration. Great peace meeting held. All wish you godspeed."

To President McKinley was sent this message:

"Twenty-eight thousand American and Canadian Christian Endeavorers assembled in international convention received with hearty enthusiasm your kind message and pray for God's richest blessing upon you, your administration, and the great republic of which you are the chief magistrate."

The telegram directed to Lord Minto, governor-general of Canada, read as follows:

"The Christian Endeavorers of Canada and America, in international convention assembled, representing 2,500,000 of young people, are drawing closer the bonds of international fellowship and pray for God's best blessing upon yourself and your great dominion."

In reply to this came the following message from Major Drummond, private secretary to Lord Minto:

"His excellency the governor-general desires me to express his warmest and most sincere thanks for your very kind and cordial message of good will to himself and the Dominion of Canada."

The cablegram of congratulations to Queen Victoria contained the following:

"Tens of thousands of Canadian and American Christian Endeavorers in international convention assembled in Detroit rejoice in your long and glorious reign and pray God's constant blessing upon you. Thousands of Endeavorers next July will cross the ocean to convention in London. With love and reverence in their hearts for you."

The response of the American commissioners to the peace congress was signed by Andrew D. White and Secretary Hollis. It read:

"The American commission to the peace conference sends sincere thanks for the message and congratulates you and all friends of peace for the great success achieved, providing for a permanent tribunal of arbitration."

Dr. J. Willbur Chapman preached the concluding sermon in Tent Endeavor from the subject of the story of the healing of the man with a withered hand. The closing address in Tent Williston was made by Bishop John H. Vincent of the Methodist Episcopal church.

The last "quiet hour" early morning service was largely attended. Missions was the topic in both the great tents at the morning meetings—"Foreign Missions" in Tent Endeavor, "Home Missions" in Tent Williston.

The introduction of missionaries by President Clark was one of the features of the convention. Thirty of the workers in heathen fields spoke a sentence or two in the languages spoken in the scene of their labors and retired. President Clark's last words to the delegates were as follows:

"Take this convention home with you. New responsibilities are yours. You have now more to account for before the throne of God. Unless you, Endeavorers who came to this convention are more faithful, more loyal to your church, better supporters of your pastors, more inspired with missionary enthusiasm, you have lost your opportunity and God will hold you responsible. Take this meeting home with you—you cannot keep it to yourselves and remain guiltless. Take it to your church, your city, your home. Make this country a better country because we have held our eighteenth international convention of Christian Endeavor."

Cubaans May Fight Filipinos.

HELP FOR Suffering Women

I used Dr. TALLYER'S FEMALE TONIC before my child was born. Had been suffering for five months with no results, with one of the best doctors in Detroit. I used three bottles of Tonic and was able only about one hour. It is invaluable for women going to be confined. My baby is well and healthy and I feel better than I have for years. I cannot say enough about the medicine.

Mrs. Emil Erstein, Park Place, Detroit, Wis.

Dr. Tallyer's Female Tonic cures right to the source the trouble in all cases of female affections—Leucorrhoea, Protrusion, Suppression, Profuse and Painful Menstruation, and takes for some days before confinement—much less difficult birth easy. The best tonic for nursing mothers and at change of life, and cures of Spring Medicine.

A Point Worth Remembering

In connection with comfortable, stylish foot covering is the price. This is the season when you hear more of aching and tired feet, and you wonder at the cause. It is manifold—but nearly always lies in the fact that your foot is made to conform to a last that is not properly outlined to its peculiar want. Every foot has its own distinctive requirements, and are as varied as the faces you meet every day on the street. To suit these we have the experience in Shoe-Buying and Foot-Fitting that enables us at all times to satisfy the taste and want of every trader at our store. We can show you the best values in a Man's or Ladies' Summer Shoe on any of our latest lasts, at prices you can't duplicate anywhere. We now have a lot of broken lines that it would mean money saved to you by looking at them. NOT AN OLD STYLE. Just simply to get rid of them and save you dollars. You will find the best Boys' Shoes at our store. We always keep a big variety. Watch for our broken sizes—\$4.00 and \$3.50 worth—all at the common figure, \$2.75.
